Year in Review

As we have all been impacted by COVID-19, WOP has gone virtual due to safety restrictions. We have been focused on continuous growth and engagement in our community. We have sponsored food and monetary donations to those financially affected by the pandemic. In addition, we created care packages to assist with the grief process for impacted individuals. Many of our volunteering activities have been postponed. We continued to navigate through this difficult time and season changes, WOP moved forward with opportunities to give back by collecting socks for the homeless, feeding Tent City, and donating to a Women's domestic violence shelter. We ended the year with a vision party to help our members focus in on their goals for the upcoming year.

COVID-19 Safety Tips
